

Air Cleaners Ionizers

AERO

Clean Air Guaranteed

- ✓ Special 360° Filter (4 in1)
- ✓ Smart Sensor Integration Technology
- ✓ Advanced piezo-ceramic ionization technology
- ✓ Filter replacement indicator
- ✓ Professional aerodynamics design, for better air intake, air outlet

Kullhaus
BETTER AIR

Special 360° Filter

Air cleaners ionizers Kullhaus AERO & AERO+ use the patented 4 in 1 360° filter.

Removes up to 99 per cent of harmful particles as small as 0.3 microns, even smoke.

Pre Filter

Filters smell and 20 microns particles such as dust, hair, dander, ect

Anionic sterillization

Effectively inhibit microbial growth and reproduction, to avoid long-term use of secondary pollution.

Chemical Hazards

Pollen

Dust

Formaldehyde

Cigarette smoke

PM2.5

Pet dander

0,3 microns tiny particles

PM2.5 removal

High efficiency low wind resistance HEPA filter, by maximizing the mesh developed area to block and filter particles effectively.

Formaldehyde removal

Patent technology specially added catalyst composition, absorption and catalytic decomposition of formaldehyde pollution.

High concentration of nefative ions

Negative ions enhance health: can improve mental clarity, calm mood, relieve allergies.

BETTER AIR

AERO

- Suitable for **45m²**
- Rated power **40W**
- CADR **380 m³/h**
- 5 Fan Speeds
- Smart Sensor PM2.5

45m²

380m³/h

40W

AERO+

- Suitable for **60m²**
- Rated power **55W**
- CADR **500 m³/h**
- 5 Fan Speeds
- Smart Sensor PM2.5
Smart Sensor VOC

60m²

500m³/h

55W

Clean Air Guaranteed

- Multi-stage air purification technology with 360° filter. Removes particles smaller than 2,5µm.
- Advanced piezo-ceramic ionization technology.
- Professional aerodynamics design, air channel design for better air intake, air outlet.
- High performance fan design.
- UI design. Emphasises on maximizing usability and user experience..
- Air quality colour display on the façade that informs about the room air quality.
- Smart Sensor Integration Technology monitors the quality of air in your home and when needed, it adjusts the filtration speed to help maintain air quality.
- Filter replacement indicator.
- Robust built with the highest quality standards.
- Unique, minimal design of high aesthetics.

BETTER AIR

Technical data

	AERO	AERO+
Suitable for	45m ²	60m ²
Max Rated power	40W	55W
Voltage	230V ~50Hz	230V ~50Hz
CADR	380m ³	500m ³
360° Filter	↓	↓
Piezo-ceramic ionization technology	↓	↓
PM2.5 Sensor	↓	↓
VOCs Sensor	-	↓
PM2.5 display range	000-500mg/m ³	000-500mg/m ³
VOCs display range		000-9.90mg/m ³
Maximum noise level	65dB (A)	65dB (A)
Fan Speed	5 [3 + Turbo + Sleep]	5 [3 + Turbo + Sleep]
Timer	1-24h	1-24h
Child lock	↓	↓
Product Size (WxDxH)	305 × 306 × 604 mm	305 × 306 × 724 mm
Net weight	7,8 kgs	8,8 kgs
Warranty	2 years	2 years
